
TECHNICAL DATASHEET
GIULIVO PLUS "705L", "705XL"

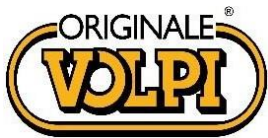

Giulivo Plus is the reliable solution for the olive harvesting. It is a lightweight and silent shaker, available in 2 versions: L (from 2100 mm to 3100 mm) and XL (from 2400 mm to 3700 mm).

The machine works with a common 12-24 volt automotive-type battery, and is supplied with a power supply and 15 meters of cable.

GIULIVO PLUS is equipped with an electronic power supply that allows you to select two different speeds according to the type of olives to be harvested.

The machine is equipped with a on/off switch positioned directly on the handle to facilitate the user.
