TECHNICAL DATASHEET GIULIVO 4YOU MOD. 706

GIULIVO 4 YOU is a olive shaker designed to meet the needs of farmers and hobbyists who are looking for a high productivity machine for medium and small plots at an appropriate price.

GIULIVO 4 YOU easily collects any variety of olive thanks to its 4 carbon tines with a productivity of 70/90 kg / hour.

GIULIVO 4 YOU works with a common 12 Volt automotive-type battery connected directly and is supplied complete with 10 meters of cable excluding the battery.

GIULIVO 4 YOU is 2.5 meters long and can be extended thanks to a practical telescopic extension up to 4 meters, to reach the highest branches of the plants.

GIULIVO 4YOU works with an effective truncated-cone movement with rotating tines to easily collect any type of olive.

TYPE OF MOVEMENT	Truncated cone movement with rotating tines
HEAD ELEMENTS	4 interchangeable carbon fibre tines
POWER SUPPLY	Electric – 12V dc
RECOMMENDED BATTERY	12V cc - 70 Ah
SUPPLY CABLE	10 mt with clamps and connector
CONTROL	Motor stress control system
LENGHT	From 2400 mm to 4000 mm (with extension)
TOTAL WEIGHT (W/OUT EXTENSION)	2,2 kg approx
PRODUCTIVITY	70/90 kg per hour
TELESCOPIC EXTENSION	OPTIONAL
ADJUSTABLE HEAD	0° - 30° - 45°

IMPORTANT: FOLLOW CAREFULLY THE INFORMATION CONCERNING THE USE OF THE PRODUCT REPORTED ON THE USER'S MANUAL.
