

TECHNICAL DATASHEET
ELECTRIC PUMP WITH ELECTRIC MOTOR
COD. 602MO

The electric pump 602MO is composed by a single phase electric motor and a diaphragm pump AR202.

It is built for dispensing liquid solutions having a temperature lower than 40° C.

It is designed to be combined with a wheelbarrow ideal for high pressure spraying.

Motor	Electric single phase 1,2 HP 230 V
Pump	AR202 diaphragm, 20 l/min 20 bar
Pump grase	SAE 30W
Adjustable by-pass group	0-20 bar
Power supply	Electric 230 V
Net weight	18,7 kg
Packaging dimensions	50x27x37 cm
Can be combined with	Wheelbarrows: 712/3, 712/4A, 712/5A

IMPORTANT: CAREFULLY FOLLOW THE INDICATIONS FOR USE REPORTED INTO THE USER'S MANUAL.
